

# BLAZER MEASURING GUIDE

## How to measure your chest

Measure around the fullest part of the chest, making sure that the tape is level under the arms and across the shoulder blades. Make sure you are relaxed when measuring to get a true measurement. If you measure as 30" (or 76cm) then your blazer size will be a size 30". Our blazers are true to size, so no need to order up a size to accommodate clothing underneath.

## Find the correct length

Measure from the top of the shoulder (highest point) to where you feel the blazer would sit when worn.

## How to measure the sleeve length

Start from the shoulder point to where the sleeve would normally fit.
