BACK COVER

# WELCOME

Welcome to our Career Convention 2023.

It has been too long since we last hosted such an event, interrupted as we were by the challenges of the global pandemic. This evening is therefore a celebration that we can return to the 'old ways' of meeting in person, and yet recognise the dynamic and changing world of careers through such a diverse gathering of professionals.

This evening we welcome over 150 representatives from a wide range of professions and educational/training institutions. It is an opportunity for pupils and their families from across the region, from Yarm School and many other schools, to have those all too important conversations. For some this will be just a starting point, exploring the variety of opportunities that lie before them. For others it will be a chance to gain some specific insight or advice about furthering their developing career plans.

Students are on hand to assist you throughout the evening. I very much hope that you find the evening informative and enjoyable.

Mr Stephen Edwards,  
Head of Careers at Yarm School

## AIRPORT

### TEESSIDE INTERNATIONAL AIRPORT

---

ZONE P2

#### **HAYLEY SHIELDS**

BUSINESS DEVELOPMENT MANAGER

Hayley is responsible for commercial activity across all areas of the business, including aeronautical development and contract management.

#### **CHLOE HANLON**

HEAD OF SERVICE AND TRANSFORMATION

Chloe is responsible for all areas of customer operations, including Ground Handling, Passenger Service and Food/ Beverage.

#### **ABBIE ETHERINGTON**

PASSENGER SERVICE COORDINATOR

Abbie is responsible for ensuring an excellent customer experience, overseeing car parks, airport patrols and ground handling.

## ARCHITECTURE

### CARTWRIGHT PICKARD

---

ZONE P2

#### **ALEKSANDRA SZWEDO**

ARCHITECT

Cartwright Pickard is an award-winning architectural, urban design and interiors practice with studios in Manchester, Leeds and London. The practice's mission is to meet the challenges that matter to people and planet, with architecture that looks beautiful, performs brilliantly, and grows old gracefully.

Founded over 25 years ago, the practice works on residential, workplace and education projects across the UK, with specialisms in net zero carbon, historic building restoration and the advanced use of Building Information Modelling (BIM). The practice has an international reputation for innovation and has completed several government-funded research projects and Knowledge Transfer Partnerships into areas such as air quality in new homes and integrating whole life cost and carbon estimation with BIM.

## ARMED FORCES

### THE BRITISH ARMY

---

ZONE P1

**LAURA NASIF** LEAD RECRUITER - REGIONAL OFFICER RECRUITING

The biggest team you'll ever join. The most important job you'll ever do. A place to realise your potential – and make a real difference in the world. From preventing terrorism to providing humanitarian aid to people in need, the British Army is driven to make the world a safer, better place. At the heart of everything we do are our Officers, making split-second decisions in critical situations, often in demanding conditions. They command some of the best soldiers in the world, setting a benchmark for success and supporting their team to overcome any challenge.

## ARMED FORCES

### ROYAL AIR FORCE

---

ZONE P1

**JIM TAIT** SENIOR CAREERS LIAISON OFFICER RAF

The RAF has around 28000 members who contribute to 15 missions on 4 continents in 22 countries. Whether in the skies above Britain, or in airspace around the world, it is our job to protect the UK. Our cutting-edge technology enables us to rapidly respond to any threat identified through intelligence gathering & surveillance operations. The RAF are ready to provide urgent assistance in an emergency, from floods in the UK, to the Ebola outbreak in Africa & devastating hurricanes in the Caribbean.

The RAF is made up of impressive personnel from diverse backgrounds, working side-by-side as part of a team to make a difference. When it comes to recruitment our focus is on attracting the best personnel and ensuring they are taken care of during and after their service. To fulfil our mission, we need highly skilled people throughout our organisation; we'll provide you with training and develop you to ensure you have the skills and confidence you need to enjoy a successful and challenging career.

The RAF recognises the value of a person's ability no matter their ethnicity, nationality, national origins, social background, religion or belief, gender identity, sexual orientation or marital status or civil partnership. We believe the talents and skills of individuals from different groups make for a more efficient RAF. However, the RAF does have eligibility criteria for entry which everyone needs to meet (Medical and Nationality/Residency etc).

## AUTOMOTIVE

### BENTLEY MOTORS

ZONE P2

**ADAM GARDNER**

QUALITY GRADUATE

**JEROLD STEVENSON**

DIGITAL & TECHNOLOGY SOLUTION  
DEGREE APPRENTICE

Bentley Motors is a world leader within the luxury automotive sector with a rich history spanning more than the last 100 years. Utilising British craftsmanship every Bentley is hand built at the home of Bentley, in Crewe, to the highest standards. Moving forward, Bentley Motors will transform into a new, sustainable, wholly ethical technology and mobility solutions business.

## BANKING

### NEWCASTLE BUILDING SOCIETY

ZONE P2

**TIM LARMOUR**

AREA MANAGER

**LAURA THOMSON**

ROVING ASSISTANT BRANCH MANAGER

The Region's Largest Building Society with 31 Branches on high streets stretching across the North East, Cumbria and North Yorkshire. We care about where we are from and are deeply committed to making a positive difference for the people and places that make up our heartland.

We're owned by our customers (not shareholders), which allows us to focus on what's really important – delivering great value through the products we offer, providing our customers with amazing service and building a sustainable, successful business that benefits our Members, communities and region, both now and in the future.

## CHARITY

### RED CROSS

ZONE P2

**TRESOR BUKASA**

SERVICE CO-ORDINATOR REFUGEE SUPPORT  
& MANAGER UKRAINE RESPONSE NE

**DIANA TSARENKO** CASEWORKER COORDINATOR UKRAINE RESPONSE

We help anyone, anywhere in the UK and around the world, get the support they need if crises strikes. We work as part of the International Red Cross and Red Crescent Movement, with millions of volunteers across 192 countries helping around the world to prevent or ease human suffering.

## CIVIL SERVICE

**DEPARTMENT FOR BUSINESS AND TRADE**

---

**ZONE P1**

As a Training School Macmillan Academy welcome over 40 trainee teachers to our institution every year and have a wealth of experience with all routes into teaching. They offer extensive advice and support into how best to embark on your journey to becoming a teacher.

## EDUCATION AND TEACHING

### LOCAL AUTHORITY

ZONE P2

**KATIE STONE**

SPECIALIST TEACHER: SPECIFIC LEARNING DIFFICULTIES

Katie is part of the Specific Learning Difficulties team. The role is varied and extremely rewarding. It involves providing advice to schools, completing assessments (dyslexia and dyscalculia) and monitoring pupils throughout their school career, attending review meetings and working with parents. The role also includes providing training and drop-in sessions to discuss concerns.

---

## EDUCATION AND TEACHING

### YARM SCHOOL

---

**ZONE P2****NINA WHITEHOUSE**

PRIMARY SCHOOL TEACHER

Nina works at Yarm Preparatory School where she teaches Year 6, and has previously taught Year 5 classes.

**EMMA PINKHAM**INDUCTION TUTOR AND PROFESSIONAL  
LEARNING LEAD

Emma is responsible for the induction of all new colleagues, including those who are involved in Initial Teacher Training and Early Career Teachers. She acts as an additional support for both trainees/ECTs and their mentors as well as leading the Professional Learning programme for all teaching colleagues here at Yarm.

## ENGINEERING

### BAE SYSTEMS

---

**ZONE P2****IAIN HODGSON**NUCLEAR SAFETY PROJECT MANAGER  
DEFENCE/SUBMARINES

BAE Systems provide some of the world's most advanced, technology-led defence aerospace and security solutions. A global organisation, BAE Systems works with customers and local partners to develop, engineer, manufacture and support products and systems to deliver military capability, protect national security and people and keep critical information and infrastructure secure.

Part of the submarine programme, BAE Systems design, build, test and commission the most advanced submarines ever operated by the Royal Navy, as well as the state of the art combat systems and equipment.

An independent Nuclear Safety Consultant, supporting the current and future submarine programmes, Iain enables the submarines to be built to the correct nuclear safety standards. Iain also manages a Periodic Review of Safety programme; an improvement initiative ensuring nuclear safety standards are met for the next 10 years.

## ENGINEERING

### VENATOR

---

ZONE P2

Venator is a global manufacturer and marketer of chemical products that comprise a broad range of pigments and additives that bring colour and vibrancy to buildings, protect and extend product life, and reduce energy consumption.

We market our products globally to a diversified group of industrial customers through two segments: Titanium Dioxide, which consists of our TiO<sub>2</sub> business, and Performance Additives, which consists of our functional additives, colour pigments and timber treatment businesses. Based in Wynyard, U.K., Venator employs approximately 3,400 associates and sells its products in more than 109 countries.

#### **CAMERON WATSON**

PROCESS ENGINEER

Provides technical oversight of the manufacturing plant ensuring it is producing high-quality products in an efficient and safe manner.

#### **ADAM FORD**

RELIABILITY ENGINEER

Adam is a Mechanical Engineer and part of the Maintenance team at Greatham, specifically the White End. He is responsible for the maintenance, inspections, routine work and shutdown works for specific pieces of equipment. He works with a range of equipment specifically Filter Presses, De-Watering Filters, along with other Pumps, Tanks, Vessels with a mix of Static and Rotating equipment. He is responsible for OEM's and other contractors on shutdowns and ensuring the work is completed effectively and safely. He also provides assistance with troubleshooting and repair methods on breakdowns on plant and ensuring we keep the plant online as much as possible.

#### **LUAN HONEYMAN**

ASSISTANT COUNTRY ACCOUNTANT  
(FRANCE, BELGIUM & LUXEMBOURG)

Working in the Finance department at Venator, Luan is responsible for ensuring that the accounts for Venator legal entities in France, Belgium & Luxembourg are correct. This includes filing the statutory accounts and tax returns, along with working on the budgets and forecasts for the business. The role requires working with lots of different departments, auditors, and using French language skills with the local teams in Europe.

## ENGINEERING

### VENATOR (CONT.)

---

ZONE P2

**RACHEL JAGGER**

GLOBAL PROCESS SAFETY SPECIALIST

Rachel supports Venator's sites with process safety and provides governance and auditing against their process safety procedures. She provides guidance in identifying the hazards and risks at the sites and helps sites manage the systems and equipment they have in place to protect and mitigate against the identified risks to ensure safe operation.

**ANGELA TURLEY**

STRATEGIC COMMUNICATIONS MANAGER

Angela manages the team at Venator who look after corporate communications, marketing communications, external communications and internal communications. This covers a whole range of activities including branding, advertising, digital marketing, trade shows, event management, content creation, campaign planning and social media.

## ENGINEERING

### MITSUBISHI CHEMICAL

---

ZONE P2

Mitsubishi Chemical supplies a diverse range of goods, from materials to functional products. In doing so, not only does it support the foundations of various industries, but it also provides solutions that contribute to solving a wide range of social issues. The Mitsubishi Methacrylates Business specialises in monomers and polymers associated with acrylics. Our products go into many of the products that society rely on everyday including work surfaces, automotive parts, home appliances, bath, paint, lighting, retail displays, dental prostheses and even bone cement for joint replacement surgery.

**JONATHAN JAGGER**

GLOBAL SUSTAINABILITY MANAGER

Jonathan supports the Business and Corporate Leadership Teams with information and insight to deliver our goal to be a Net Zero business by 2050. A lot of his time is spent looking at the carbon footprint of our products across the globe and how we may reduce these through the application of new technologies or changing our raw material supply chain.

## ENGINEERING

### MITSUBISHI CHEMICAL (CONT.)

---

ZONE P2

**JACK POTTER**

GRADUATE PROCESS ENGINEER

Jack works for the Strategic Projects Group within the process engineering team. Most of my work involves developing, optimising and designing a new chemical plant in the US.

**BEN PARKINSON**

CHEMICAL ENGINEERING INDUSTRIAL PLACEMENT

Ben is a student at the University of Strathclyde in Glasgow, currently on a placement with Mitsubishi Chemical before my final year. He spent the first six months of his placement at one of our production sites, before moving into a role as part of a chemical recycling project aiming to make acrylic polymers fully circular.

**EDWARD HUTCHINGS**

GRADUATE ELECTRICAL ENGINEER

On site Edward plans and supervise inspection, testing and maintenance procedures on power supply equipment, as well as writing and carrying out High Voltage switching operations. As part of the project team he reviews specifications and designs for future site electrical systems.

**TALIA PRYCE**

EXPERIMENTAL SCIENTIST

Talia is a first year PhD student working at Mitsubishi Chemical in the Research & Development team. My daily role involves the development, characterisation and evaluation of catalysts for our Alpha Production Process.

## ENGINEERING

### AXIOM

---

ZONE P2

Axiom is an award-winning multi-disciplined engineering consultancy providing pragmatic, value-adding Asset Management solutions to a range of industries including Chemical, Pharmaceutical, Energy, Oil & Gas, Bulk Storage & Distribution and Food sectors.

Despite the recent economic challenges, Axiom continues to go from strength to strength. Since the business opened back in 2003 in the key process hub of Teesside, Axiom has established a regional presence across UK industry hubs of the North West, Humber and Grangemouth in addition to a significant global reach.

## ENGINEERING

### AXIOM (CONT.)

---

ZONE P2

With investment in their people and offerings at the heart of Axiom's success, the firm continues to expand with the launch last year of its new offering, Process Safety Engineering and Consultancy Services. Seamless integration with Axiom's in-house Inspection & NDT, Materials and Mechanical specialists has enabled the business to achieve the desired Process Safety and Integrity requirements.

**JAY GRAINGE**

PROCESS SAFETY ENGINEER

Jay Grainge works as a site-based process engineer. Previously at Synthite and Huntsman, Jay brings a strong skill-set to the Axiom Process Safety Engineering team including an excellent reputation for relationship building and high performance with experience in major projects. These include project management, detailed design for uprate projects, commissioning of new plant equipment, continuous process and plant improvements and catalyst life optimisation. Jay's career journey includes extensive Process Safety engineering design experience in pressure relief, hazard studies (HAZID, HAZOP), layer of protection analysis (LOPA), incident investigation, Management of Change (MOC) and COMAH compliance for onshore facilities within the specialty chemical sectors, in particular formaldehyde and polyurethanes. He also brings significant operational experience in his previous role as an operations engineer through Wood providing operational readiness services for various offshore and onshore projects, including developing operating procedures and O&Ms within the Oil, Gas, petrochemical and specialty chemical sectors.

**JACK DOBSON**

PROCESS SAFETY ENGINEER

Jack recently qualified Newcastle Uni with BA (Hons) in Chemical Engineering, Jack recently joined Axiom to pursue a career in Process Safety Engineering.

**NICOLE ANTONINI**

MARKETING ASSISTANT

Nicole graduated from Newcastle University with a degree in Digital Marketing and recently joined Axiom six months ago.

## FINANCE

### ACTIVE FINANCIAL PLANNERS

ZONE P2

**ANDREW GILMORE**

## HEALTH PROFESSIONS

**ZONE D**

### PHARMACY NHS ENGLAND - NORTH (CUMBRIA AND NORTH EAST)

---

**SUE WEATHERHEAD**

PHARMACIST &amp; CLINICAL ADVISER

Sue started her career in the pharmaceutical industry and novel drug delivery research before moving into the NHS as a primary care pharmacist working with prescribers in GP practices to support evidence-based prescribing and use of medicines. Her primary role now, with CPPE, is supporting newly qualified pharmacists to undertake foundation training in community pharmacy following qualification and to support the training for pharmacy professionals moving into the newly funded NHS Clinical Pharmacist role in GP practices (this role is a new and emerging pharmacy career option, alongside hospital, community and industrial pharmacy). She also holds pharmacy clinical adviser roles with NHS England in the North East and with Public Health in two local councils.

Hambleton Equine Clinic are a leading specialist equine veterinary practice based in North Yorkshire, near Stokesley. The practice was established in 2012 with the aim of providing a full range of equine services to the professional and recreational owner across the North East, maintaining the highest standard of care for every horse. Our team of fifteen specialist vets, supported by a large team of clinical and non clinical staff, operate from a purpose-built state-of-the-art clinic and equine hospital enabling us to provide dedicated care for all patients throughout their lives. Whether it be routine ambulatory care, diagnostic tests and imaging, reproductive and stud work or full general anaesthetic surgery, Hambleton Equine Clinic is uniquely placed to treat all manner of cases with the highest quality of veterinary care available.

## THANK YOU

I am deeply indebted to all of the delegates for committing their time to this event, and sharing so generously their advice and guidance. Their enthusiasm this evening will inspire and motivate the next generation in their field. I am appreciative too for the support of parents and guardians; your commitment to and belief in your child's future is a magical ingredient that gives them direction, purpose and confidence. I would also like to thank all of my colleagues who have assisted in realising this evening, be they the Estates Department, especially Paul Vardy, for all manner of logistics, Lynsey and Alison in the Marketing Department, Jackie in Reprographics, Dan and Luke in the PAA, as well as Career Ambassadors and teacher enthusiasts who have shared ideas and contacts for the event. In particular I would like to express my gratitude to Miss Caroline Rhodes for her dedication and commitment to realising the best possible event to further the ambition of pupils across the region.

Mr Stephen Edwards  
Head of Careers at Yarm School
