BACK COVER

WELCOME

We are delighted to welcome you to tonight's event. Held every two years, it is very much a culmination and celebration of developments in careers over the intervening time. Tonight's 'fair' will recognise the dynamic and changing world of careers through a diverse gathering of professionals.

This evening we welcome over one hundred and twenty representatives from a wide range of professions and educational/training institutions. It is an opportunity for pupils and their families from across the region, from Yarm School and many other schools, to have those all too important conversations. For some this will be just a starting point, exploring the variety of opportunities that lie before them. For others it will be a chance to gain some specific insight or advice about furthering their developing career plans.

I am deeply indebted to all of the delegates for committing their time to this event, and sharing so generously their advice and guidance. Their enthusiasm this evening will inspire and motivate the next generation in their field. You will notice a number of 'old friends' amongst the delegates and professions, as well as some newly emergent areas being addressed for the first time. I am appreciative too for the support of parents and guardians; your commitment to and belief in your child's future is a magical ingredient that gives them direction, purpose and confidence. I would also like to thank all of my colleagues who have assisted in realising this evening, be they the Estates Department, especially Paul Vardy, for all manner of logistics, Alison, Lynsey and Thomas in the Marketing Team, Jackie in Reprographics, Dan, Luke and Tom in the PAA, Ann in Reception, as well as our Career Ambassadors and teacher enthusiasts who have shared ideas and contacts for the event. In particular I would like to express my gratitude to Miss Caroline Rhodes, Deputy Head of Careers, for her dedication and commitment to realising the best possible event to further the ambition of pupils across the region.

Students are on hand to assist you throughout the evening. I very much hope that you find the evening informative and enjoyable.

Mr Stephen Edwards
Head of Careers at Yarm School
